Modular Switches

Cisco Catalyst 6500 Series Switches

Cisco Catalyst 6500 Series Switches

As the underlying foundation of Borderless Network, the Catalyst 6500 delivers the highest levels of application intelligence, unified network services, integrated security, non-stop communications, operational manageability and virtualization for enterprises, medium-sized businesses, and service providers. Driving next-generation network service integration with unprecedented investment protection.

Get More Value with Cisco End-to-End Solutions.

Cisco Nexus 7000 Series Switches
• Delivers 10 Gigabit Ethernet and unified fabric
• Supports core, aggregation, and various access-layer implementations
• Features state-of-the-art Cisco NX-OS operating system

Network Management

Cisco Prime™ LAN Management Solution (LMS) simplifies and automates management
• Detailed visibility and control of devices, ports, and network connectivity
• Intuitive Work Centers for Cisco value-added services such as EnergyWise, TrustSec and Auto Smartports

Cisco Prime Network Control System (NCS) converges wired, wireless, and security
• Monitor and troubleshoot converged wired, wireless, and security policy
• Visualize and resolve end-user access problems
• Complete wireless lifecycle management

Cisco Prime Network Analysis Module (NAM) delivers access to network information
• Gain visibility to optimize network resources
• Quickly isolate and troubleshoot application and performance issues

Cisco EnergyWise
• Power management of PoE devices, laptops, desktop PCs and high power devices such as VIDs and IP Terrel Systems
• IT and facility energy management convergence to remove infrastructure silos through partnering with industry leading BMS vendors

Security

Cisco TrustSec delivers identity-based secure access to Borderless Networks
• Advanced, policy-based access control, identity-aware networking, and data integrity
• Integrated 802.1x infrastructure-based services that extend access enforcement throughout the network
• Centralized, policy-based corporate governance and compliance

Energy Management

Cisco EnergyWise. Utilize the network to monitor, report and reduce energy consumption across an entire corporate infrastructure
• Power management of PoE devices, laptops, desktop PCs and high power devices such as VIDs and IP Terrel Systems
• IT and facility energy management convergence to remove infrastructure silos through partnering with industry leading BMS vendors

Wireless/Mobility

Cisco Unified Wireless Network provides a secure, application-ready mobility platform
• 802.11n and Cisco CleanAir for optimal performance and superior investment protection
• Cisco Prime NCS for converged user and access management for wired and wireless networks
• Wireless controllers enabling flexible deployment and scalability

10 Gigabit Ethernet

Table with 3 columns: Description, Product Number. Lists various 10GbE modules like Supervisor 2T, Virtual Switching Supervisor 720, and SUP720 Fabric.

Gigabit Ethernet Fiber

Table with 3 columns: Description, Product Number. Lists various Gigabit Ethernet Fiber modules like 48-port GE Module with DFC4, 24-port GE Module with DFC4, etc.

10/100/1000

Table with 3 columns: Description, Product Number. Lists various 10/100/1000 modules like 48-port 10/100/1000 GE Module with DFC4, 24-port 10/100/1000 GE Module with Jumbo Frame, etc.

Bundles:

Table with 3 columns: Description, Product Number. Lists Borderless Services Nodes bundles like 6509-E Chassis, 5720-10G, 2 FWSM, 1 WSM, 1 6716-10G-3C & 2 VFW licenses.

Bundles:

Table with 3 columns: Description, Product Number. Lists Datacenter Services Nodes bundles like 6509-E Chassis, S720-10G, 3 FWM, 1 ACE20, 1 X6704-10GE, 2 WS-CAC-6000W, etc.

Service Modules

Table with 3 columns: Description, Product Number. Lists various service modules like Application Control Engine Service Module, ASA Services Module, Firewall Blade, etc.

Cisco Catalyst 4500 Series Switches

Table with 3 columns: Chassis, Description, Product Number. Lists various Catalyst 4500 series chassis like 3-slot, 4-slot, 6-slot, 9-slot, 13-slot.

Supervisor

Table with 3 columns: Description, Product Number. Lists various Catalyst 4500 series supervisor engines like Supervisor 2T, Supervisor 3T, etc.

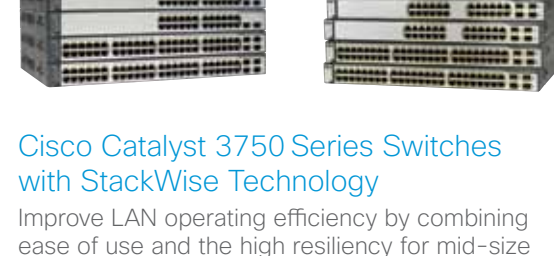

Cisco Catalyst 4500 Series Switches
Catalyst 4500E Series switches are Cisco's leading modular switches for borderless access and price/performance distribution deployments. They offer best-in-class investment protection with forward and backward compatibility, high availability with In Service Software Upgrade, and deep application visibility with Flexible NetFlow.

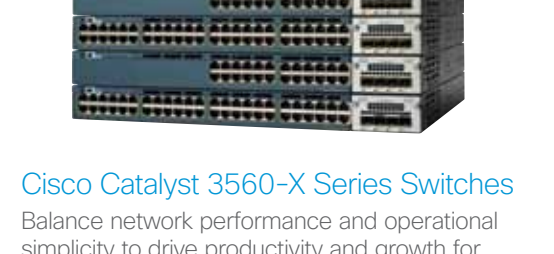

Cisco Catalyst 4900 Series Switches
Catalyst 4900 Series Switches deliver wire-speed services in a small form factor (1-2RU). They are designed for top of rack deployments where high-performance and advanced services are required.

Cisco Catalyst 3750-X Series Switches with StackWise Plus Technology
The Catalyst 3750-X Series switches is Cisco's lead fixed access platform. These stackable enterprise-class switches accelerate innovation and increase business productivity by providing industry-leading security, category-best availability, highest quality of service, lowest cost of operation and Power over Ethernet (PoE) leadership.

Cisco Catalyst 3750 Series Switches with StackWise Technology
Improve LAN operating efficiency by combining ease of use and the high resiliency for mid-size organizations and enterprise branch offices.

Cisco Catalyst 3560-X Series Switches
Balance network performance and operational simplicity to drive productivity and growth for your business. These stand-alone Enterprise-class switches provide industry-leading security, robust service availability, highest quality of service, lowest cost of operation and Power over Ethernet (PoE) leadership.

Line Cards

Table with 3 columns: Description, Product Number. Lists various line cards for Catalyst 4500E and 4500 series switches.

Bundles

Table with 3 columns: Description, Product Number. Lists various bundles for Catalyst 4500E and 4500 series switches.

Fixed Configuration Switches

Cisco Catalyst 4900 Series Switches

Table with 3 columns: Description, Product Number. Lists various Catalyst 4900 series switches like 4948E, 4948E-F, 4948E-F-S, etc.

4900M Switch

Table with 3 columns: Description, Product Number. Lists various Catalyst 4900M series switches like 4900M with 8-port 10GE (X2) and 2 half slots.

4948-10GE/4948/4928 Switches

Table with 3 columns: Description, Product Number. Lists various Catalyst 4948, 4948E, 4928, 4928E switches.

Cisco Catalyst 3750-X Series Switches with StackWise Plus Technology

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 3750-X series switches with StackWise Plus Technology.

Cisco Catalyst 3750-X Series Switches with StackWise Technology

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 3750-X series switches with StackWise Technology.

Cisco Catalyst 3750 Series Switches with StackWise Technology

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 3750 series switches with StackWise Technology.

Cisco Catalyst 3560-X Series Switches

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 3560-X series switches.

Cisco Catalyst 3560 Series Switches
Increase productivity in small enterprise LAN or branch-office environments with these access switches offering simplified management and energy-efficiency.

Cisco Catalyst 2960S Series Switches with FlexStack Stacking and LAN Base Software
These switches are the Layer 2 edge, providing improved ease of use, highly secure business operations, improved sustainability, and a borderless network experience. The Cisco Catalyst 2960-S Series switches include new Cisco FlexStack switch stacking capability with 1 and 10 Gigabit connectivity, and Power over Ethernet Plus (PoE+) with Cisco Catalyst 2960 Switches offering fast Ethernet access connectivity and PoE capabilities.

Cisco Catalyst 2960 Series Switches with LAN Base Software

These switches are the leading Layer 2 edge, providing improved ease of use, highly secure business operations, improved sustainability, and a borderless network experience. The Cisco Catalyst 2960 Series switches offer fast Ethernet access connectivity and PoE capabilities. The Cisco Catalyst 2960 Series are fixed-configuration access switches designed for enterprise, midmarket, and branch office networks to provide lower total cost of ownership. Includes Cisco EnergyWise technology that reduces energy consumption by controlling power to the PoE devices while reducing carbon footprint.

Cisco Catalyst 2960S and 2960 Series Switches with LAN Lite Software

Fixed-configuration, standalone switches provide desktop Fast Ethernet connectivity for entry-level wiring closet and small branch office networks. Includes Cisco EnergyWise technology that reduces energy consumption by controlling power to the PoE devices while reducing carbon footprint.

Cisco Catalyst 3560-C and 2960-C Series Switches
The Cisco Catalyst Extend services deployment outside the wiring closets through the new Cisco Catalyst 3560-C and 2960-C Series switches. These compact switches enable deployments of new applications easily, securely, and reliably, and are especially suitable for verticals such as retail, education, hospitality, gaming, cruise lines, and for enterprise, midmarket, and branch office spaces.

Cisco Catalyst 2360 Series Switch
The Cisco Catalyst 2360 Series Switches are high-speed Layer 2 top-of-rack switches that provide Gigabit Ethernet server aggregation in the data center. The Cisco Catalyst 2360 Series is designed for high performance and high availability.

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 3560X and 3560X-48PF-L switches.

Cisco Catalyst 3560-E Series Switches

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 3560E series switches like 12D, 12SD.

Cisco Catalyst 3560 Series Switches

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 3560 series switches like 8PC, 12PC, 24TS, 48TS, 24PS, 48PS, 24TS-SD.

Cisco Catalyst 2960S Series Switches with FlexStack Stacking and LAN Base Software

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 2960S series switches like 48FPD-L, 48BPL-P, 24PD-L, 48TD-L, 24TD-L, 48FPS-L, 48BLS-L, 24PS-L, 48TS-L, 24TS-L.

Cisco Catalyst 2960 Series Switches with LAN Base Software

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 2960 series switches like 8BTT-L, 8BTT-L, 8BTT-L, 24TT-L, 48TT-L, 24TL-L, 24PC-L, 48PST-L, 24TC-L, 48TC-L, 24TC-L, 48TC-L.

Cisco Catalyst 2960S and 2960 Series Switches with LAN Lite Software

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 2960S and 2960 series switches like 48TS-S, 24TS-S, 8BTT-S, 24S-S, 24TC-S, 48TS-S, 48TC-S, 24PC-S, 24LC-S, 48PST-S.

Cisco Catalyst 3560-C and 2960-C Series Switches

Table with 3 columns: Model, Description, Product Number. Lists various Catalyst 3560C and 2960C series switches like 8BTT-S, 8BTT-S, 8BTT-S, 8BTT-S, 8BTT-S, 8BTT-S, 8BTT-S, 8BTT-S.

Cisco Catalyst 2360 Series Switch

Table with 3 columns: Model, Description, Product Number. Lists Catalyst 2360-48TD-S switch.

1. Cisco Catalyst Smart Operators is a comprehensive set of capabilities that simplify LAN deployment, configuration, and troubleshooting. Cisco Catalyst Smart Operators enable zero touch installation and replacement of switches, fast upgrade, as well as ease of troubleshooting with reduced operational cost.
* Includes Cisco limited lifetime warranty.
** Includes Cisco Enhanced lifetime warranty. For details, visit www.cisco.com/go/warranty.
